

SGM Symposium Agenda - November 21-22, 2013

Day 1

Session 1 – Welcome and Introduction (Economy and Equity)

Time	Presenter	Topic
8:30-8:40	Phalen, RN (CSUSB)	Welcome
8:40-9:00	Collins (CSUSB)	Economic growth and security

Session 2 – Toxicology and epidemiology of air pollution (Environment)

Time	Presenter	Topic
9:10-9:30	Phalen, RF (UCI)	Deposition and fate of inhaled transportation-related particulates
9:30-9:50	Enstrom (UCLA)	Air pollution and total mortality
9:50-10:10	Young (NISS)	Acute air pollution deaths and air pollution in southern California
10:10-10:30	Panel	Open discussion

Session 3 – Transportation-related exposures near major roadways (Equity)

Time	Presenter	Topic
10:40-11:00	Quintana (SDSU)	Traffic-related exposures at US-Mexico ports of entry
11:00-11:20	Soret (LLU)	Respiratory health risks near a major transportation center
11:20-11:40	Gatto (LLU)	Air pollution and cognitive function
11:40-12:00	Dodd-Butera (CSUSB)	Traffic-related exposures and maternal/child health
12:00-12:30	Panel	Open discussion

12:30-1:30 Lunch

Session 4 – Local communities and businesses (Equity)

Time	Presenter	Topic
1:30-1:50	Newman (CCA EJ)	Community exposures near transportation corridors
1:50-2:10	Lund and Rajkovicz	Goods movement and small businesses
2:10-2:30	Malkan (UCLA)	Regulation and environmental/social justice
2:30-3:00	Panel	Open discussion

SGM Symposium Agenda - November 21-22, 2013

Session 5 – Sustainable strategies (Economy)

Time	Presenter	Topic
3:10-3:30	Klinski (Magna Force)	Economical transport solutions for high density corridors
3:30-3:50	Moilanen (Port of LB)	Sustainable shipping and reduced emissions
3:50-4:10	Heaston (MDAQMD)	High desert inland port
4:10-4:30	Phalen, RN (CSUSB)	Alternative strategies for reducing near-road exposures
4:30-5:00	Panel	Open discussion

Day 2

Session 6 – Measuring and evaluating transportation emissions (Environment)

Time	Presenter	Topic
9:00-9:10	Session chair	Day 2 – Welcome and introductions
9:10-9:30	Wu (UCR)	Improved truck emission estimates using truck weight & activity data
9:30-9:50	Yang Li (UCR)	Determination of suspended exhaust PM
9:50-10:10	Pham (UCR)	Variations in particulate emissions near major highways
10:10-10:40	Panel	Open discussion

Session 7 – The impacts of unemployment on health (Economy)

Time	Presenter	Topic
10:50-11:10	Phalen, RN (CSUSB) (session chair)	Introduction: Why should we include employment when discussing the health and well-being of our communities?
11:10-11:30	LeComte-Hinely (HARC)	Unemployment and health in Coachella Valley
11:30-11:50	Koh (LLU)	Unemployment and child maltreatment
11:50-12:20	Panel	Open discussion

12:30-1:30 Lunch

1:30-3:30 Open time for networking, special sessions, sponsor activities and student presentations/posters (Suggestions Welcome)
