

ADDITIONAL RESOURCES

Government Agencies

- National Science Foundation: <http://www.nsf.gov>
- U.S. Department of Energy: <http://www.doe.gov>
- National Research Council: <http://www.nationalacademies.org/nrc>
- National Academy of Sciences: <http://www.nasonline.org>
- California State EPA: <http://www.calepa.ca.gov>
- CARB (California Air Resources Board): <http://www.arb.ca.gov>
- AQMD: (South Coast Air Quality Management District, where a daily pollution forecast is available on their web site): <http://www.aqmd.gov>
- U.S. Commission on Ocean Policy: <http://www.oceancommission.gov>

Other Organizations

- Clean Air Coalition: <http://www.coalitionforcleanair.org>
- National Resources Defense Council: <http://www.nrdc.org>
- NARSTO (North American Consortium for Atmospheric Research in Support of Air Quality Management): <http://www.narsto.org>
- Orange County Science Education Association <http://ocscience.org>
- Health and Clean Air Newsletter: <http://www.healthandcleanair.org/newsletters/index.html>
- American Chemical Society education resources: www.acs.org (click the Education menu at the top) especially their Climate Science Toolkit, to which Prof. Finlayson-Pitts contributed a great deal.

Suggested Publications and Websites for Air Quality and Health Effects Information

- South Coast AQMD brief discussing health effects of ozone, carbon monoxides, and particulate matter designed for students: http://www.aqmd.gov/forstudents/dirty_air.pdf
- CARB web page showing dangers of ozone-generating air purifiers and a list of hazardous ozone generators sold as air purifiers: <http://www.arb.ca.gov/research/indoor/ozone.htm>
- CARB articles linking air pollutants to adverse effects in children: <http://www.arb.ca.gov/research/children/children.htm>
- Air Now air quality resources for teachers: <http://airnow.gov/index.cfm?action=learning.forteachers>
- Air Now: for daily Air Quality Index (AQI) forecasts for over 300 cities across the US, and links to more detailed air quality websites: <http://airnow.gov>

Suggested Publications and Websites for Climate Change Information

- Short US EPA report on climate changes over the last 400 thousand years: <http://www.epa.gov/climatechange/science/pastcc.html>
- Highlights of National Academy report on Understanding and Responding to Climate Change, a very well-illustrated and documented overview: <http://dels.nas.edu/basc/Climate-HIGH.pdf>
- IPCC 2007 report on climate change, summary for policymakers: <http://www.ipcc.ch/SPM2feb07.pdf>
- University of California articles on global warming: <http://www.universityofcalifornia.edu> Once on this site, Search: climate change
- Our Changing Climate assesses risks to California in a report on possible effects of global warming in California: http://meteora.ucsd.edu/cap/pdf/CA_climate_Scenarios.pdf
- NASA web site with animations showing changes in global temperatures since 1880: <http://svs.gsfc.nasa.gov/vis/a000000/a003300/a003375/index.html>
- CARB Fact Sheet on Assembly Bill 32—California Global Warming Solutions Act of 2006: <http://www.arb.ca.gov/cc/factsheets/ab32factsheet.pdf>
- EPA online calculator estimating personal or a family's greenhouse gas emissions: http://www.epa.gov/climatechange/emissions/ind_calculator.html
