

# Calling all **EARTH DAY VOLUNTEERS** for Community Science & Environmental Justice!

**Southeast Santa Ana** is disproportionately impacted by air pollution, asthma, and other environmental justice issues.

**Comunidad Unida, Aire Limpio** is a committee of neighborhood residents leading a community air monitoring project to understand the problem and advocate for change.

Volunteer with us to collect local air quality data!  
**Sign up for our next toxic tour on Earth Day:**  
**Thursday, April 22, 2021**

## HOW TO PARTICIPATE

- Carry a small, portable air sensor along designated routes
- Morning, afternoon, and evening shifts available (about 2 hours per shift)
- Participate by foot, bicycle, or car
- We are especially in need of volunteers who can drive their own car
- We are also in need of volunteers with Bluetooth-enabled iPhones (iOS)
- **No prior experience needed!**
- **Bring a friend or family member along!**
- **COVID-19 precautions are strictly observed**
